5 Basic Requirements

To Overcome the Female Anorgasmia:

Although many people think that in recent years there has been a great female sexual liberation, the reality is that the difficulty in achieving orgasm remains one of the most common problems in women. This, in some cases also may result in loss of desire (another major disorders), relates undoubtedly many sexual schemes are still issues (for example, search only orgasm through coitus or the absurd dichotomy "clitoral orgasm" versus "vaginal orgasm").

Within the female anorgasmia find a variety, depending on whether primary (if you have never experienced an orgasm) or secondary (when the problem arises from a particular time, having had orgasms before). It can also be absolute (if not achieved orgasm by any means) or situational (reaching it with a certain stimulation but not another).
