## The Gun Digest Book of Modern Gun Values: The Shooter's Guide to Guns 1900-Present

"Modern Gun Values" is a uniquely valuable guide to the world of modern firearms. As prices of antique firearms have risen, putting them out of the reach of most collectors, attention has turned to more affordable guns of the 20th century, especially guns of the Baby Boom. Unlike antiques, these guns are acquired for shooting rather than for putting behind glass in a collection. "Modern Gun Values" is uniquely positioned to capitalize on the widespread interest in these newer special-interest guns. In "Modern Gun Values", the reader will be able to accurately identify shootable modern firearms and assign up-to-the-minute values to them as well. With this information, the reader will be able to buy, sell, and trade modern firearms with confidence and without fear that he or she is paying too much or selling for too little.
