**Adrienne Rich: Later Poems: Selected and New: 1971-2012** Adrienne Rich

**The final volume of poems assembled by America's most powerful and distinctive poetic voice.**

In *Later Poems: Selected and New 1971–2012*, the strong trajectory of the work of one of the most important artists of American letters is on display. This volume brings together a remarkable body of work. Included are Adrienne Rich's own selections from twelve volumes of published works, including the National Book Award–winning *Diving Into the Wreck*, *An Atlas of the Difficult World*, and her most recent volume, *Tonight No Poetry Will Serve*, along with ten powerful new poems, previously uncollected. Among these, “From Strata” is a kind of archaeology of the present day; “Itinerary” searches for an “indefinite future” in a menaced landscape; “For the Young Anarchists” offers a trope of skilled labor for political action; and the haunting voice of “Teethsucking Bird” reminds us of what we have been told to forget. This collection testifies to a monumental career that distinguished American literature in the late twentieth century and will continue to inspire readers for years to come.
