## Imagining Human Rights in Twenty-First Century Theater: Global Perspectives

There is extraordinary diversity, depth, and complexity in the encounter between theatre, performance, and human rights. Through an examination of a rich repertoire of plays and performance practices from and about countries across six continents, the contributors to this volume seek to open the way toward understanding the character and significance of this encounter. Divided into three interrelated sections, the book focuses on a range of critical and timely human rights questions as they relate to transitional justice, memory politics, citizenship, the 'War on Terror,' transnational spectatorship, and the global economic order. Authors ask what artists, audiences and readers imagine, expect, and desire from the engagement of theatre and performance with these crucial questions. Ultimately, this book aims to provide nuanced, global perspectives on the emerging and transformative aesthetics, ethics and effects of this encounter at the turn of the twenty-first century.
