Every year, tens of thousands of pre-medical and pre-dental applicants are denied admission into Medical or Dental school. Despite skyrocketing tuition costs often in excess of \$50,000, more and more students enter college every year with the high hopes of becoming a doctor or a dentist. Looking on as their children undertake this difficult journey are scores of concerned parents. Searching for assistance during this process, they may find a variety of unsatisfactory resources: books written by out-of-touch doctors decades removed from college, fragmented advice from anonymous sources online, and columns written by those that have never even gained admittance to medical or dental school. *Undeniable: The Guide to Getting into Medical and Dental School* is a self-help book for the pre-health student written by students fresh out of the pre-med trenches. Joshua and DeAngelo use a personalized perspective built around their experiences along the road to Medical and Dental School at the University of Michigan. *Undeniable* will walk any student the preparation and application process, highlighting the typical pitfalls and distractions of a college student in the digital age, all of which they have encountered and dealt with firsthand. From energy drinks and all-nighters to mastering the MCAT and DAT, *Undeniable* leaves no student left behind. Have no fear of being *denied* from the health profession; soon you too will be wearing the white coat.
