## **End the Beginning** Mark DeWayne Combs

What if I told you that the world you know today isn't the world that used to exist? Cross referencing historical texts from a number of ancient civilizations with modern day scientific theory, END THE BEGINNING pieces together the backstory of life before Noah's Flood and uncovers the express purpose for the destruction of mankind. It also overlays documentation from the past with our scientific understanding of the present in an effort to project what may have triggered the devastating chain of events.
