Hidden Prospects Karen Baney

Millie Pritchett harbors a decades old secret that has kept her a spinster well into her late thirties. Because of the pain of her past mistakes, she has taken on a shy personality to protect her heart. When her father remarries and sends her away, she goes to Prescott, the town where her only friend lives. She never expected she would end up working for such an attractive business man. As her heart begins to hope for the future, she must keep her past from destroying it.

After years of supporting his mother and siblings, Paul Lancaster now has his independence. He splits his time between his placer mine and the boardinghouse he built for his mother. When a spinster comes to town to visit a friend, he wonders if she could be the love he has waited so long to find. In the midst of it all, his life turns upside down and he stands to lose both of his businesses.

Will the secrets of their pasts keep them from finding the hidden prospect of new love?
