## **SODIUM:2 Apocalypse** Stephen Arseneault

The exciting second book of the **SODIUM** series. What if civilization came to an abrupt end... What if you were left on your own to survive... If everything had been taken from you, would you risk your life to get it back? Or would you just attempt to hide in the shadows hoping the trouble would all go away? Heroes are not born, they are self made through their actions and deeds. Perhaps there are no more heroes. Perhaps this is the end for man. A handful of survivors are left to decide.

Also available from this author:

## **SODIUM Series**

A six-book series that takes Man from his first encounter with aliens all the way to a fight for our all-out survival. Do we have what it takes to rule the galaxy?

## **AMP Series**

Cast a thousand years into the future beyond SODIUM. This eight-book series chronicles the struggles of Don Grange, a simple package deliveryman, who is thrust into an unimaginable role in the fight against our enemies. Can we win peace and freedom after a thousand years of war?

## **OMEGA Series**

Cast a thousand years into the future beyond AMP. The Alliance is crumbling. When corruption and politics threaten to throw the allied galaxies into chaos, Knog Butcher gets caught in the middle. Follow along as our hero is thrust into roles that he never expected or sought. Espionage, intrigue, political assassinations, rebellions and full-on revolutions, they are all coming to Knog Butcher's world!

## **HADRON Series**

HADRON is a modern day story unrelated to the SODIUM-AMP-OMEGA trilogy series. After scientists using the Large Hadron Collider discover dark matter, the world is plunged into chaos. Massive waves of electromagnetic interference take out all grid power and forms of communication the world over. Cities go dark, food and water supplies are quickly used up, and marauders rule the highways. One group of citizens takes a stand. Can they make a difference? And the devastating EM waves, where are they coming from? After months of starvation, a benevolent species arrive in their spaceships to rescue the Human race. Only, are they really so benevolent?
