**Errors of Justice: Nature, Sources and Remedies (Cambridge Studies in Criminology)** Brian Forst

Written by a scholar with extensive research experience, this book applies an original approach to assessing criminal justice policies, based on their impact on errors of justice. The study covers the error of failing to bring offenders to justice as well as the errors of imposing costs on innocent people and excessive costs on offenders. Ultimately, it develops a new framework for each major sector of the justice system: policing, prosecution, adjudication and the jury, sentencing and corrections.
