I am a Chironic astrologer. You won't find that word in the dictionary, but there are quite a few of us, and our number is increasing day by day. We are astrologers who believe that discovering the truth is more important than personal theories, and also that we should always keep our minds open to the ideas of others. By the time you finish reading this book you will know even more about what a Chironic astrologer is. Perhaps you, too, may like to become one. Who knows, perhaps you already are one. - Zane Stein
