## Mini-Manual of the Independent Counterterrorist, Third Edition R. J. Godlewski

There used to be a time when human life held value. When entire nations would go to war over a single injury or death. Then politics became involved and slowly, over time, people took on the value of the collective. No longer were humans viewed as individual persons but, rather, as pawns “too stupid” to think for him or herself. Life became a commodity and has been shown throughout the world in places such as Bosnia, Darfur, and Rwanda, an extremely cheap commodity at that. Over *one million* Tutsis and Hutus died in genocides during 1972 and 1994, but *who* cared about blacks killing blacks in Africa? Today, Christians are being murdered and mutilated throughout the Middle East and Northern Africa, but *who* cares about the faithful? Even Russia has presently violated the sovereignty and territoriality of neighboring Ukraine, but *who* cares about nationalistic squabbling? Add to this instability the growing “clear and present danger” of Islamic jihadists and narcotics trafficking organizations, but *who* cares about *your* safety and survival? Frankly, *you* do. Time for you to go to war, isn’t it? This third edition of ***Mini-Manual of the Independent Counterterrorist*** provides you with the inspiration, knowledge, and tools required combating the Evil that threatens the world. All that is truly needed to destroy the evil that men do remain one fighting individual citizen at a time...
