The Writing Life: Writers On How They Think And Work Marie Arana

Featuring a gathering of more than fifty of contemporary literature's finest voices, this volume will enchant, move, and inspire readers with its tales of *The Writing Life*. In it, authors divulge professional secrets: how they first discovered they were writers, how they work, how they deal with the myriad frustrations and delights a writer's life affords. Culled from ten years of the distinguished *Washington Post* column of the same name, *The Writing Life* highlights an eclectic group of luminaries who have wildly varied stories to tell, but who share this singularly beguiling career. Here are their pleasures as well as their peeves; revelations of their deepest fears; dramas of triumphs and failures; insights into the demands and rewards.

Each piece is accompanied by a brief and vivid biography of the writer by *Washington Post Book World* editor Marie Arana who also provides an introduction to the collection. The result is a rare view from the inside: a close examination of writers' concerns about the creative process and the place of literature in America. For anyone interested in the making of fiction and nonfiction, here is a fascinating vantage on the writer's world—an indispensable guide to the craft.
