## **McKittrick Canyon: (Natural History)** Donna Birchell

The Guadalupe Mountains hold what some call the most beautiful spot in Texas. Once home to the Mescalero Apaches, McKittrick Canyon is an alluring wonderland of lush and abundant flora and fauna. It is named for Captain Felix McKittrick, who acquired the land for ranching in 1869. Legends of lost Spanish gold mines drew many unsuccessful prospectors before the turn of the century. Later, through the monumental efforts of early landowners J.C. Hunter Sr. and Wallace Pratt, the canyon was preserved as a pristine portion of the Guadalupe Mountains National Park. Each fall, eager visitors witness a vibrant show headlined by bigtooth maple and a variety of oak trees. Join author Donna Blake Birchell in an exploration of McKittrick Canyon's colorful history.
