## **Advanced Practical Medicinal Chemistry** Ashutosh Kar

This title mainly comprises of four comprehensive chapters. First chapter is entirely devoted to Safety in Chemical Laboratory, which is an absolute must for each medicinal chemist. Second chapter is on Drug Synthesis and concentrates on three vital aspects, namely : conceptualization of a synthesis, reaction variants, and stereochemistry. Third chapter exclusively deals with Performing the Reactions and entails the wide range of latest laboratory techniques used in a good chemical laboratory to facilitate synthesis of drugs. Fourth chapter is particularly focused and earmarked to Synthesis of Medicinal Compounds, and essentially include various cardinal aspects, such as: types of chemical reactions, organic name reactions (ONRs), and selected medicinal compounds. A galaxy of eighty carefully chosen medicinal compounds have been presented in an original unique style comprising of: chemical structure, synonym(s)/chemical name(s) theory chemicals required procedure precautions recrystallization theoretical yield/practical yield physical parameters uses, and questions for viva-voce. It is hoped that "Advanced Practical Medicinal Chemistry" would certainly help to bridge existing gap and fill up the long needed vacuum in the synthesis of drugs in pharmaceutical chemistry departments, academics and bulk-drug industries, and may provide the basis for meaningful productive group discussions of synthetic problems on a broader perspective.

### **From reader reviews:**

#### **Bobby Phillips:**

Book is to be different for each grade. Book for children till adult are different content. We all know that that book is very important for people. The book Advanced Practical Medicinal Chemistry had been making you to know about other information and of course you can take more information. It is extremely advantages for you. The book Advanced Practical Medicinal Chemistry is not only giving you more new information but also to get your friend when you feel bored. You can spend your current spend time to read your reserve. Try to make relationship while using book Advanced Practical Medicinal Chemistry. You never sense lose out for everything if you read some books.

#### **Leonard Jones:**

This book untitled Advanced Practical Medicinal Chemistry to be one of several books which best seller in this year, here is because when you read this book you can get a lot of benefit onto it. You will easily to buy that book in the book shop or you can order it by using online. The publisher of this book sells the e-book too. It makes you quickly to read this book, since you can read this book in your Smartphone. So there is no reason to your account to past this book from your list.

#### **Vicky Gamez:**

Spent a free time and energy to be fun activity to perform! A lot of people spent their sparetime with their family, or all their friends. Usually they undertaking activity like watching television, going to beach, or picnic within the park. They actually doing ditto every week. Do you feel it? Do you want to something different to fill your free time/ holiday? May be reading a book is usually option to fill your no cost time/ holiday. The first thing you ask may be what kinds of publication that you should read. If you want to attempt look for book, may be the reserve untitled Advanced Practical Medicinal Chemistry can be very good book to read. May be it could be best activity to you.

#### **Joseph Gabriel:**

Would you one of the book lovers? If yes, do you ever feeling doubt while you are in the book store? Try and pick one book that you just dont know the inside because don't assess book by its protect may doesn't work at this point is difficult job because you are scared that the inside maybe not because fantastic as in the outside search likes. Maybe you answer could be Advanced Practical Medicinal Chemistry why because the excellent cover that make you consider with regards to the content will not disappoint a person. The inside or content is actually fantastic as the outside or maybe cover. Your reading 6th sense will directly guide you to pick up this book.
