Rachel Held Evans

Eighty years after the Scopes Monkey Trial made a spectacle of Christian fundamentalism and brought national attention to her hometown, Rachel Held Evans faced a trial of her own when she began to have doubts about her faith. Growing up in a culture obsessed with apologetics, Evans asks questions she never thought she would ask. She learns that in order for her faith to survive in a postmodern context, it must adapt to change and evolve. Using as an illustration her own spiritual journey from certainty, through doubt, to faith, Evans adds a unique perspective to the ongoing dialogue about postmodernism and the church that has so captivated the Christian community in recent years. In a changing cultural environment where new ideas threaten the safety and security of the faith, *Evolving in Monkey Town* is a fearlessly honest story of survival.
