This book is full of clear revision notes, detailed diagrams and practice questions for year 7-9 Geography students. It's packed with facts on the current KS3 programme of study and there's also a 'Geographical Enquiry and Skills' section that contains useful tips for carrying out investigations. To help you remember the facts, there are practice questions at the end of each section (answers are at the back). And it's all explained in straightforward language, with the odd joke thrown in to break up the study.
