**A Quick Guide to Teaching Reading Through Fantasy Novels, 5-8 (Workshop Help Desk)** Mary Ehrenworth

Supporting dreams of fabulous escape and transformation, fantasy literature can be especially compelling for adolescents. Mary Ehrenworth offers a unit of study that harnesses the power of this expansive and poignant genre to lure even reluctant readers into reading epic novels with passion and stamina.

Adhering to reading workshop principles and the classic session architecture honed by Lucy Calkins in the *Units of Study* series, this unit of study begins by launching the kids into fantasy book clubs that foster literary conversations. After exploring ways to read with deep comprehension and to synthesize across pages, students learn to develop thematic understandings. During the course of this unit, students likewise explore where their novels fit within the larger literary tradition. Throughout the unit, students read several books-tackling at least one series, and sometimes moving across series. (This unit of study is drawn from *Constructing Curriculum* in the Units of Study for Teaching Reading series.)

*A Quick Guide to Teaching Reading Through Fantasy Novels* is part of the *Workshop Help Desk* series.

## About the *Workshop Help Desk* series
