This is a true story. All events depicted in these pages actually occurred and are the incredible memories of many people. The Banfe brothers, and sister created a unique business which brought about a bonding of almost everyone who came in contact with them. The atmosphere was one of family. The brothers had dreamt of a business which would keep them together in Philly (the City of Brotherly Love) and their middle class Catholic upbringing promoted the idea that they could do anything they put their minds to! Brimming with optimism and pride in what they were doing they wanted to share their success with others. This ethic spawned torrid growth and a company which eventually employed more than 500 people...and many of them still talk of those years spent with Mr. Dupli-Fax as the very best they have ever experienced. It is a story in which a Japanese company, Canon, was lucky to have found the brothers and vice versa. Their luck and hard work allowed the brothers to treat everyone with a four letter word—"FAIR". The combination of great people, super products and wishing to share the wealth through unique incentive plans which included Villas in Acapulco and what had been called a floating condominium (yacht) home ported in St. Thomas, U.S. Virgin Islands. This was the brother's idea of a 401k plan. They had fun... and it was addictive since once you got on the merry-go-round with Mr. Dupli-Fax you did not want to get off. So, kick back and enjoy this ride through the 70's, 80's and the very early 90's with the Banfe's.
